

# California Lutheran University

We are building a beloved community where everyone is welcome.  
We bring people together to tell stories and create new stories to tell!

## Developing and Supporting Student Leaders

Students travel to conferences, where they affirm their vocations, create meaningful connections, and get inspired to follow their purpose and serve their neighbor.

*"It was amazing to experience a new place, meet new people with a variety of experiences, and learn + be inspired by topics regarding loving all people better!"*

- Student attending ELCA Youth Ministry Extravaganza, 2024

## University Chapel

On Thursday mornings students, faculty, staff, and community members gather at Samuelson Chapel to share a sacred moment to see each other and to worship with music and joy!

## Lecture Lunches

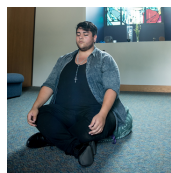

We host remarkable speakers who share learning opportunities, stories, and cultural heritage that connect faith and learning. These monthly events are open to the public.

## Faith-based Financial Aid

Thanks to the support of donors, Convocators, and congregations of all faiths, outstanding students have opportunities to apply for scholarships at Cal Lutheran.

## Wennes Interfaith Meditation Chapel

Students of all faiths are invited to use the Wennes Interfaith Meditation Chapel as a place for prayer, contemplation, and reflection.

**Community Cupboard:** The generosity of our community helps us to provide non-perishable food items, grocery store gift cards, and guest meals to any current Cal Lutheran student facing food insecurity.

"Vocation should really be plural — *vocations* — because over your life, you are called to many things. Education and experiences at Cal Lutheran set students up to explore many aspects of what they are good at and feel called to, all within a community setting that supports and challenges them to become more fully who they are."
